Pre-application Advice Has assistance or prior advice been sought from the local authority about this application?  If Yes, please complete the following information about the advice you were given. (This will help the authority to deal with this application more efficiently). Please tick if the full contact details are not known, and then complete as much as possible:  Officer name:  Laura Davies  Reference:  FPEM/0650/2020  Date (DD/MM/YYYY): (must be pre-application submission)  Details of pre-application advice received?  The pre-application advice response details the main planning considerations including the principle of development, impact on character and landscape appearance, impact on historic character, impact on residential amenities, access and parking, flood risk and drainage, ecology and community engagement. Comments from consultees such as Natural England and the Environment Agency were also attached.  The pre-application response concludes "Any submission would need to clearly set out the benefits of the proposal, e.g. the level of electricity that would be generated, so that any identified harm can be balanced against these. The scheme should be further developed with reference to the Council's Landscape Sensitivity Assessment being mindful of the fact this suggests that large scale solar developments would result in a medium to high impact within the surrounding landscape character type."  Lastly, the report lists documents that should be submitted with the full application for validation.
